Community First Bank	\$21,319
Dow Chemical	\$16,415
CenterPoint Energy	\$15,286
CLECO Corporation	\$11,867
Dauterive Hospital	\$10,628

A Note from our Board Chair

It was certainly an honor to serve as the 2009 board chair for United Way of Iberia. It's always a pleasure to give back to my community, but even more so because I was able to experience the opportunity with many folks who share the same ideals that I have.

Our United Way volunteers and staff worked diligently to ensure that we raised campaign funds to sustain human service programs through our community partner agencies. We reached 92% of our overall goal...a tremendous success in light of the economic situation in our country, state and community. We continued to share our message that we should all work together to Give, Advocate, Volunteer and Live United.

My gratitude to everyone who put forth so much time and effort to lend a hand-up to those within our parish who are in need. Thanks for understanding the true meaning of Living United!

Sincerely,
Dr. Tynes Mixon
2009 Board Chair

A Message from our 2009-2010 Drive Chair

It was my honor to serve as the campaign drive chair for the 2009-2010 campaign year. Serving in this position afforded me the opportunity to grasp fully the magnitude of individuals who support United Way of Iberia each year.

Our ambitious goal was \$550,000. Our volunteers put forth a concerted effort and we were able to achieve 92% of our goal. This was an outstanding accomplishment which would not have been realized if not for the many volunteers who came forward to help with the fundraising drive.

My sincerest appreciation goes out to everyone who rolled up their sleeves and offered assistance in the effort so that United Way is able to continue to offer their all-important support to those in our community who find themselves in need.

Congratulations and thanks to all who participated!

Sincerely,

Dale Henderson

**Superintendent, Iberia Parish Public Schools
2009-2010 Campaign Chair**

From
a
Grateful
Community

No celebration of United Way's success for 2009-2010 would be complete without recognition of Executive Director Gloria Girouard, who for years gave United Way 150% of her dedication and love.

September 30, 2009 marked the end of an era when Gloria moved into a very well deserved retirement phase of her life.

But those who know Gloria well understand that this means she is now free to contribute more to several other non-profit organizations that she is involved with, such as the New Iberia Kiwanis Club and Partners of the Americas, as well as giving more of her time and talents to her church community at Nativity of Our Lady Catholic Church.

Everyone within the United Way family bids a very fond farewell to Gloria's time in the office and wishes her nothing but tremendous successes in all of her future endeavors.

Congratulations, Gloria, and THANK YOU for your decades of service to United Way and the Iberia Parish community.

2009 Investments in Our Community
